PROFESSIONAL PROFILE

Compliance, risk and tax professional with 3.5+ years across **Amazon Global Seller Risk & Compliance** and **EY Global Delivery Services**. Hands-on in compliance auditing, **root-cause analysis**, **platform risk** controls, **cross-border taxation** and **statutory reporting** support, backed by a B.Com (8.43/10) and an MBA. Uses **Python, SQL** and **Advanced Excel** for data validation and **data integrity** checks. Seeking a Level 9 specialisation in accounting analytics, **internal controls** frameworks (**SOX**/COSO) and regulatory risk.

PROFESSIONAL EXPERIENCE

Senior Compliance Associate — Amazon, Global Seller Risk & Compliance (GSRC), Bengaluru Jul 2024 – Present

- Raised product-compliance **data accuracy by 12%** across seller and product compliance databases by enhancing data-validation steps and workflow controls in the review process.
- Achieved **100% SLA adherence** and a **12% gain in project-completion efficiency** across the audit portfolio by tracking review observations, milestones and deliverables against defined requirements.
- Reduced leadership **review time by 13%** by authoring management-level audit summaries and analytical reports that consolidate defect trends and risk findings.
- Lifted team **compliance-accuracy metrics by 15%** by mentoring junior associates through structured quality feedback, complex-case guidance and **calibration sessions**.
- Converted critical and recurring defects into **corrective and preventive actions (CAPA)** by leading **root-cause analysis** of documentation gaps, decision errors and SOP ambiguities with Operations, Quality and Policy teams.
- Kept seller, product and regulatory-risk reviews **audit-ready** by testing case evidence against policies, SOPs and regulatory requirements and maintaining complete audit trails, strengthening **internal controls** on **platform risk**.

Tax Analyst, Global Mobility (People Advisory Services) — EY GDS, Bengaluru Aug 2022 – Oct 2023

- Delivered **cross-border personal-tax and global-mobility compliance** for a multinational pharmaceutical client's international assignees by managing assignment initiation, repatriation and annual **statutory tax filings** with country teams.
- Kept assignee returns within **KPI deadlines** by acting as the liaison between client stakeholders and tax-return preparers and escalating data and documentation issues early.
- Safeguarded the **data integrity** of tax returns by maintaining the multi-country **compensation tracker** used as the source of record for assignee income reporting.
- Identified improvements in **workforce leverage and engagement profitability** by reviewing processes across country practices, and supported Tax Seniors with budget tracking and quality review of client deliverables.
